Sanitizer Guns

Ozone Conditioners

Profile

Entries

Flow areas

Shallowship Areas

Worship Areas

Educational Areas

Profile

Entries

Heavy Use Vs Regular Use

Spacing

Deliveries

Distribution of sanitizer and masks

Signage

Profile

Flow Areas

Reduced furniture

Passively directing people - arrows of flow

Actively directing people – people in place

Profile

Shallowship Areas

Reduced furniture

Passively directing people - arrows of flow

Actively directing people – people in place

No food service

Clusters

Profile

Educational Areas

Reduced furniture

Passively directing people - arrows of flow

Actively directing people – people in place

No food service

Clusters

Time

Limited use

Profile

Worship Areas

Reduced furniture – available seating

Passively directing people

arrows of flow

designated entries and exits

Actively directing people - people in place

No food service

Time

Profile

Restrooms

Installed touchless fixtures

Monitored capacities

Kept doors open

Communication

Audiences

Staff

Volunteers

Congregation

Communication

Methods

Email – once a week

Public Website

Internal Website

Shared file system

Mentioned it at every meeting

Training

Just before deployment

Three times

Constant vigilance
